

# The Northern Vermont Parcel Data Grant Program

## Municipal Application

1. Name of Town:
2. Name of Contact:
3. Position or Title of Contact:
4. Contact Phone Number:
5. Contact Email:
6. Contact Mailing Address:
7. Name of Regional Planning Commission with which you will be working:
8. Total Number of Parcels in Town:
9. Municipal Mapping Cost Estimate (you can use a multiplier of \$50/parcel if you do not have an actual estimate from a mapping firm, contact your RPC for help with this!):
10. Which of the following best describes your town's tax map/parcel data situation as of the writing of this proposal? (please note that if you do not have any digital data associated with your tax maps, you should contact your mapping contractor and/or RPC and ask him or her if such data is available, what format it would be in, and how much it would cost to acquire that data before submitting this application). Circle one description.
  - a. Our town does not have any tax maps or digital parcel data
  - b. Our town has paper tax maps but no digital parcel data (in our possession OR in the possession of a mapping firm or RPC, as far as we know)
  - c. Our town has paper tax maps but no digital parcel data in our possession; our mapping firm has or can provide CAD data
  - d. Our town has paper tax maps but no digital parcel data in our possession; our mapping firm has or can provide GIS data
  - e. Our town has paper tax maps and CAD data in our possession
  - f. Our town has GIS parcel data
11. What year do your paper tax maps reflect:
12. What year does your CAD data reflect:
13. What year does your GIS parcel data reflect:

14. If your town has a relationship with a mapping firm that you would like to continue working with, indicate the name of that firm:

15. Do you have an contract with this firm in the coming year, and if so, through what date:

**Budget:**

1. Amount you are requesting through this grant program (should be 50% of the Municipal Mapping Cost Estimate above):

**This application must arrive by COB November 5, 2014 to be considered:**

VT Center for Geographic Information  
58 South Main St., Suite 2  
Waterbury, VT 05676  
Attn: Leslie Pelch
